British Periodical Literature.

REPUBLICATION OF

The London Quarterly Review,

The Edinburgh Review,

The North British Review,

The Westminster Review,

—AND—

Blackwood's Edinburgh Magazine

The wide spread fame of these splendid Periodicals renders it needless to say much in their praise. As literary organs they stand far in advance of any works of a similar stamp now published. While the political complexion of each is marked by a dignity, candor and forbearance, not often found in works of a party character.

They embrace the views of the three great parties in England—Tory, Whig and Radical—Blackwood and the London Quarterly are Tory, the Edinburgh Review Whig, and the Westminster Review Radical. The North British Review is more of a religious character having been originally edited by Dr Chalmers and now since his death being conducted by his son in law Dr Hanna associated with Sir David Brewster. Its literary character is of the very highest order—The Westminster though *reprinted* under that title only is published in England under the title of the Foreign Quarterly and Westminster, it being in fact a union of the two Reviews formerly published and reprinted under separate titles. It has therefore the advantage by this combination of uniting in one work the best features of both as heretofore issued.

The above Periodicals are reprinted in New York immediately on their arrival by the British steamers in a beautiful clear type on fine white paper and are faithful copies of the originals, Blackwood's Magazine being an exact *fac simile* of the Edinburgh Edition.

TERMS

For any one of the four Reviews	$3.00 per annum
For any two do	5.00
For any three do	7.00
For all four of the Reviews	8.00
For Blackwood's Magazine	3.00
For Blackwood and three Reviews	9.00
For Blackwood and the four Reviews	10.00

Payments to be made in all cases in advance.

CLUBBING

Four copies of any or all the above works will be sent to one address on payment of the regular subscription for three—the fourth copy being gratis.

EARLY COPIES

Our late arrangement with the British publishers of Blackwood's Magazine secures to us early sheets of that work by which we are enabled to place the entire number in the hands of subscribers before any portion of it can be reprinted in any of the American Journals. For this and other advantages secured to our subscribers we pay so large a consideration that we *may* be compelled to raise the price of the Magazine.

☞ *Something will therefore be gained by subscribing early.*

**Remittances and communications should be always addressed post paid or franked to the Publisher

DR STEPHEN JEWETT'S

Justly and Highly Celebrated

Family Medicines.

Comprising the true Health Restoring Bitters, *PULMONARY ELIXER,* AND **Strengthening Plaster.**

TRIED and proved by their continued use for the last fifty years to be superior to any other preparations for the cure of every species of disease dependant upon *Impurities of the Blood, Derangement of the Stomach Bowels and Liver, and all affections of the Lungs, Air Passages and Throat, as also Pain in the Bones, Joints, Side and Back, Rheumatism, Weak Stomach, Cramp, &c*

None genuine unless signed on the wrapper Stephen Jewett & Co with a pen to whom direct all orders.

Prepared by STEPHEN JEWETT son of the late Dr STEPHEN JEWETT of Rindge N H

Principal Office,—No 30, India Street, Boston.

Please read the following certificate of a highly respectable and aged gentleman.

RINDGE N H April 1 1848

To all whom it may concern.

I the undersigned do hereby certify that I was acquainted with the late Dr Stephen Jewett from my boyhood up to the time of his death as I having been his nearest neighbor can testify to his medical skill and knowledge of Botany with hundreds of others now living, and that in the year 1834 I was afflicted with jaundice, palpitation of the heart, pain in the side and general debility so as to be *unable to attend to any business,* and being a neighbor of the late Dr Stephen Jewett I had recourse to his far famed *Bitters* and *Plaster* and by their use was permanently cured. Since the above named date, I have used Dr Jewett's medicines with equally good effect as prepared by Stephen Jewett son of the late Dr Stephen Jewett of Rindge N H and I cheerfully recommend them to the public as safe and invaluable medicines—and being composed entirely of vegetables I think them far better suited to the diseases of our climate than medicines composed of mineral or foreign nostrums. Try them and judge from facts and experience. I consider Dr Stephen Jewett's Strengthening Plaster far superior to any external application for the purposes for which it is recommended of any that I have ever known.

EBENEZER BLAKE

DR STEPHEN JEWETT'S Health Restoring Bitters.

These Bitters acting as they do upon the Stomach Liver and Bowels removing all the morbid secretions thereby purifying the blood and invigorating the digestive organs not only cure diseases that already exist but they also fortify the system against all attacks of disease. It is a common remark among those who have used Dr Jewett's Bitters that they have but little fear of being sick. The remark is strictly true, for while the stomach and bowels are kept in a good condition and the blood pure all the great predisposing causes are removed and the whole system is fortified against those morbific influences which under less favorable circumstances would have engendered perhaps fatal disease.

In order that the public may know that they are offered a truly excellent article we append the following certificate which may be seen with many others in their original by calling on the proprietor.

BOSTON May 15 1848

To all whom it may concern.—This may certify that I have been for years troubled with a scrofulous humor which has been very troublesome and was fast undermining my health and had severe pains in the back, loss of appetite, languor and general debility.

A short time since I commenced taking Dr Jewett's Health Restoring Bitters and in a very short time my humors and pains left me, my appetite improved and my health has not been so good for years, all of which I attribute to Dr Jewett's Health Restoring Bitters.

(Mrs) L H RUSSELL Beach Street

DR STEPHEN JEWETT'S Pulmonary Elixer!

Nearly one third of all the deaths that occur in New England are caused either directly or indirectly by diseases of the Lungs and Chest. Why is this great sacrifice of human life? How happens it that the brightest intellects of the highest promise, the hope and support of declining years are smitten down in early life? Why is it that so many families have been made desolate by that fell destroyer Consumption? And how happens it that so many interesting and lovely children are cut down every year by those dread diseases the Quinsy and Croup? Is it because these diseases are incurable? Physicians will tell you these diseases can be cured—if taken in season.

It is true these diseases can be cured with almost absolute certainty—if taken in season. Everybody should be aware of this fact and provide themselves with Dr Jewett's Pulmonary Elixer.

The following certificate among numerous others which have been received are appended for the benefit of those who desire to see certificates.

WINCHENDON Mass March 10 1848

Stephen Jewett—Dear Sir:—I feel it a duty to you and to the public generally to inform you all who may have been afflicted as I have, that I have been entirely cured of a severe and long continued cough by one bottle of your Pulmonary Elixer.—For months I have been a great sufferer. I had pain in my left side, sore throat, constant cough, and raised a good deal of blood looking matter. My strength was gone and my flesh was wasting away. I took many things without benefit and was steadily getting worse till I procured your Pulmonary Elixer which has cured me, and I cheerfully recommend it to all who are troubled with coughs.

Yours truly

THOS CUMMINGS

DR STEPHEN JEWETT'S Strengthening Plaster.

These Plasters possess the property of *removing Pain, curing Lameness, Cramp, Pain or Weakness in the Back, Joints or Side, Rheumatism, Weak Stomach &c* and when used in connection with the Bitters in Liver Diseases will prove very beneficial in removing the peculiar pain between the shoulders and in the side and back well known to those suffering with such diseases. This Plaster from the quantity and quality given is vastly cheaper than and superior to the "Poor Man's" or any other Plasters and can be made any size wanted without waste. One roll will make five good sized Plasters. A single trial will be all the certificate necessary.

CONSUMPTION CURED WITH KELLEY & CO'S SARSAPARILLA!

A PHYSICIAN, who is truly the most distinguished of any in a large City for professional skill CERTIFIES [illegible] that he actually CURED a case of **Consumption** with Kelley & Co's Sarsaparilla and says that there is no medicine in which he has so much confidence **for Diseases of the Lungs.**" Some will marvel at this REMARKABLE Cure, but hundreds are knowing [illegible]. This INESTIMABLE Sarsaparilla is doing wonders in foreign cities. [illegible]

SIR BENJAMIN BRODIE,

Surgeon to the Royal Family of England, [illegible] that there is no other medicine which is CAPABLE of doing so MUCH GOOD and yet is INCAPABLE of doing injury. What better compliments [illegible] are there? Never was there a medicine honored with STRONGER RECOMMENDATIONS. It CURES when every thing else fails, the

Severest Scrofula and Humors,

where the flesh falls off the bones—the bones are diseased and the DART OF DEATH seems ready to strike the sufferer. And the reason for this is that it makes the **BLOOD** perfectly Pure, Rich, Healthy, Quick, Free, Nutritious. It CURES all those ALARMING cases of DYSPEPSIA and JAUNDICE where the Liver is Swollen and Painful, Strength wasting, Appetite gone, Pulse weak or Feverish, Skin yellow, Nerves deranged. It restores Health, Strength and Vigor to every disordered function of the System—causing them to move on just as Nature requires. And for its WONDERFUL Power over Disease in every form and part which no other Medicine possesses, the public will style it the

Master Remedy of the Age!

The great secret of all its triumphant success over all other Sarsaparillas is that it does not tamper with the patient or prolong his sufferings. But it first attacks the disease and stops it, then removes it, then brings up the flesh and strength on a perfectly pure Blood so that the cure is always thorough and permanent. Others only scatter or block up the disease but this EXTIRPATES it wholly from the system—they save the patient half the time, others endanger it. The whole Body is made new by the use of this GIANT MEDICINE. It is for you especially that this Sarsaparilla is made as the HEALING ART has been tasked to the utmost to have it exactly suited to FEMALE COMPLAINTS. These Complaints have never been cured (as they ought) hence it is that all the medicines which are used with the hope of cure so invariably and entirely fail. But this Sarsaparilla has the **SPECIAL** ability to cure every Disease, Affliction or Pain [illegible] Irregular [illegible] restores [illegible] strength to every part—beautifies the complexion—[illegible] sallow spirits [illegible] Heart—removes Blotches, Pimples, Freckles.

DR. CUMMINGS'S Compound Extract of Sarsaparilla and Dock.

THE article above [illegible] are the principal ingredients of this medicine [illegible] vegetable [illegible] recombined, designed to render them more active and consequently more immediately effective.

The Dock [illegible] rank as [illegible] the vegetable [illegible] within [illegible] the preparation of the [illegible] the extract of the root [illegible] considered [illegible] time.

For many years the proprietor has tested in his practice the [illegible] of the principal substances of the compound, and is satisfied that they possess all the properties which have been ascribed to them. Hence the conception of uniting them [illegible] to the production of the compound. In it the ingredients are found to act in harmony, and lose none of the qualities which they separately possess.

A larger portion of Sarsaparilla is soluble than has generally been supposed. The extract most to be relied on, and least liable to decomposition, is procured by subjecting the root to the action of the menstruum usually employed in extracting its virtues for a long time without heat or any other accelerating agent. None is permitted to be used in the compound that has not been obtained by this process, and that has been less than a year in preparation.

The Compound is recommended for Scrofulous, Erysipelas, Ulcerous Affections, Eruptions and Mercurial diseases. Also for the numerous maladies arising from sedentary employments, occupations of a harassing and fatiguing nature, intense application, exposures to extremes of heat and cold, overtasking the physical powers, and other abuses of the constitution, among which are Neuralgia, Piles, Affections of the Liver, Bilious Complaint and Dyspepsia or Indigestion.

In diseases of warm climates with which the proprietor became familiar in his practice in Havana [illegible] years since, the compound will prove particularly efficacious both as a remedy and a preventative.

This medicine has been for some time in use in this city where the proprietor has passed nearly half a century of his professional life. It was extensively prescribed by him while in practice, and it is believed to be in favor with his medical brethren in general, to whom he is known.

WEDNESDAY, JANUARY 31, 1849.

☞ The number of vessels taken up for California, purchased by companies or sent on charter and freight, has advanced the price of shipping in the country. We do not know, as yet, whether the advanced price will stimulate to any considerable extent, the building of vessels in our State. We should suppose it might to some extent. If this branch of business becomes profitable it should be prosecuted with vigor upon the Penobscot river. There are many advantages here for ship building. We have much of the raw material, the skill, the labor, and to no small amount the employment, all on the spot. There are, too, many other interests which would be promoted, by extensive ship building upon our river. The depression upon this branch of business the last year, caused a very great falling off even of the little ship building which has heretofore been carried on. Probably not more than one fifth of the usual amount of ship building is in progress on our river. We shall certainly rejoice if the enterprise of procuring gold in California shall revive this branch of business and thus aid in diversifying labor in our city and vicinity.

Speaking of ship building reminds us that Mr Jonathan C Taylor has set up a steam engine in the Granite building on Broad street and now manufactures ships blocks, pumps &c, by machinery instead of the tedious process of hand labor. He is a skillful workman, and a pattern man for industry, and with his steam power and new machinery can probably fit out ten times the number of vessels now building on the Penobscot. The quality of the blocks manufactured at his factory will probably secure them a sale in any of the large markets.

There ought to be in active operation in our city, at least one hundred steam engines employed in various kinds of manufactures.

There are a great many ways in which capital in our city can help itself and help others, and promote the welfare of the city by giving encouragement to manufactures.

☞ The Bangor Democrat gives the proposed new Democratic paper to be published in this city, the cold shoulder. It speaks of it as holding up the idea that anti-slavery or free soil is the turning point and test in party politics—and then says—

"As no party but the abolition, free soil or Van Buren party has ever made this test, it is presumed that the proposed new paper is to be an organ of that party. This view is confirmed by the fact that so far as there have been any developments of the secret movement now first made public, it appears under the fostering care and patronage of men who acted and voted with the Van Buren party at the late Presidential election. The paper is to be issued from the press of a printer of this political stamp, and one of its principal founders is understood to be the relative, the Register of Deeds for the county, who labored zealously for free soil and Van Buren and against Cass and Butler during the last Presidential campaign. As the abolition or free soil paper here has been discontinued or merged in a kindred print at Portland, the design probably is to have 'The Jeffersonian' take its place. But the Prospectus says it is to be 'a new democratic newspaper.' All parties and factions now a-days claim to be democratic.—All the leading papers of the Barnburners or Van Buren faction make large democratic professions yet they oppose the nominations and organization of the democratic party. There is the New York Post, for example, that is loud mouthed for free trade, the independent treasury, etc, and against a National Bank and other Whig measures yet few journals have done as much to overthrow the democratic party and bring the Whigs into power, as has this same Post by bolting democratic nominations and pursuing a factious course. Perhaps 'The Jeffersonian' is to be a kindred print and is designed to bring the democratic free soilers in this State together under new managers without the incubus of the old leaders of the abolition party."

Sailing of the Suliote.

The Bark Suliote sailed from Belfast for California on Tuesday, Jan 30 and was out of sight at three o clock in the afternoon. She carries away an energetic talented and numerous company to search for and we doubt not to find abundance of gold.

☞ The Ohio State Journal says the reason why certain members of the Legislature refused to believe that Seabury Ford is the Governor elect, and why they interposed every obstacle which their perverse ingenuity could devise to delay, and if possible prevent his inauguration, was the large amount of money which their partizans had bet upon the result of that election.

☞ Capt Randolph, of U S Sloop of war Albany, sailed in her from Havana, 14th January, for Norfolk, with important despatches, supposed, from the U S Consul. The Governor General visited the Albany while in port repeatedly.

☞ The coinage in Mexico, last year, will amount to $30 000,000, which is greater than in any preceding year. This year it is estimated that it will be nearly or quite $40 000 000.—The increase is owing to the working of some new and rich mines, and more extended operations at some of the old ones.

☞ Dr Osgood of this city has procured letters patent for the invention of an instrument for extracting teeth, by which the operation is rendered certain, even with the most inveterate stumps, and by which much of the pain of the operation is prevented. These instruments will soon be offered for sale and undoubtedly come into general use.

☞ Mr D Jones mentioned in our telegraphic despatch yesterday, as appointed Consul at Chagres, is Leonard Jones Esq of this city.—We understand that he wished the appointment at Panama, and that he will probably decline the present appointment.

☞ The St John News states that the small pox is making direful ravages in that city—there being over 1800 cases there under treatment.

☞ We should be glad to obtain, for publication, a list of the passengers in the bark Suliote, which sailed from Belfast for California.

☞ Thanks to Capt W. H. Mower, of Hodgman & Co's express, for Boston papers received on last evening in advance of the mail.

☞ The following account of the antics of the Garrison wing of the Free soil party will amuse our readers. It is from the Boston Post of Saturday.

Massachusetts Anti Slavery Society.

The annual meeting of this persevering body of disunionists was brought to a close last night. The proceedings created much less interest than those of former annual meetings. In fact, as to the main question of anti slavery the free soilers have stolen Garrison & Co's thunder.—And this is not the worst of the new movement. According to statements made by Messrs Foster and Buffum the sinews of war have been diverted from the old anti slavery channel and turned into the free soil treasury. Yesterday they passed the resolution declaring "that the church which does not make the immediate abolition of slavery its special concern is not worthy to be recognised as a church of Christ."

The additional speakers yesterday, were Parker Pillsbury, Charles Stearns, Samuel J. May, and John C Clure. Abby Folsom had her say, whenever the spirit prompted her. Dr G W F Mellen was not only allowed to get off a speech, but Foster unfeelingly told him that 'God had not made him for a speaker.'

Foster occupied some time in the afternoon in proving what wonders could be accomplished by voting for men pledged to refuse to take the oath to support the constitution if elected.—By electing a sufficient number of men the wheels of government under the Union would be stopped and then the friends of human rights would have a grand time. All this was most earnestly uttered, and as devoutly listened to. Even Abby Folsom made no objection, and Dr Mellen only asked for an explanation once.—Several free soil members of the legislature dropped in about dusk, and were introduced to Mr and Mrs Crafts the fugitives, whose unexpected advent here at this time has been the only interesting incident of the anniversary.—In the evening a resolution offered by Mr Garrison complimenting Mr Calhoun for his frankness in defending slavery, and advocating its extension was adopted.

Mr Clure obtained permission to go through the audience and collect contributions for purchasing the freedom of a catholic girl in Georgetown, who is in danger of being carried forth South and away from her relatives. He obtained $17 34c.

Brown, the mulatto fugitive, made some fun by stating that his father was one of the aristocracy of Kentucky, but nevertheless he was not too proud to speak to common white people in Faneuil Hall.

Mr and Mrs Crafts were again exhibited on the platform. They were in tears in consequence of some remarks of Brown about his relations.

Crafts and his wife are a pair that escaped from slavery in Georgia. Crafts is a full blooded African, and Mrs Crafts is almost white, straight haired and quite pretty. The escape was effected by the latter assuming the male dress, and passing off as the young invalid master of her ebony husband, travelling North for his health.

In giving an account of their flight, Brown told some good stories. Fashionably dressed as a buck of the highest ton, with her arm in a sling, Mrs Crafts was the object of much tender sympathy in the cars particularly on the part of an elderly lady who was travelling with a marriageable daughter, who with a well-managed sigh, remarked upon the fine good appearance and distinguished air of the supposed young planter.

Crafts, when asked the nature of his young master's indisposition, replied that he had been suffering from rheumatism and a complication of diseases.

An elderly man thought the young gentleman would ride more comfortably, if his boots were taken off, and his feet extended across the seats, and before the interesting patient had time to express an opinion upon the subject, the kind hearted old worthy had one of Mrs Crafts boot in his hands! Perhaps he will recollect the incident when he reads this account of it.

After a muss on the platform caused by simultaneous attempts by Abby Folsom and Dr Mellen to speak, the proceedings were brought to a close by the passage of resolutions denouncing the union and all who uphold it.

Lawyers and Mechanics.

The New York Mirror, in a late number says "The Bar is no longer the resort of the ambitious youths of our country. The mechanical departments are being preferred, there are now 30 young gentlemen in this city that have received liberal educations, who are serving their times as ship wrights carpenters, &c. In a few years the United States will have the most accomplished mechanics in the world. A new class is springing up who will put the present race of mechanics in the shade. The union of a substantial education with mechanical skill will effect this. Indeed, already we could name some mechanics who are excellent mathematicians, acquainted with French and German and able to study the books in those languages connected with their vocations. Heretofore fond fathers were about to educate their sons as doctors or lawyers to insure their respectability and success. That day is passed. Mechanics will now take the lead and in a few years will supply the largest portion of the State and Federal Legislature."

We think the Mirror is mistaken when it asserts that the bar is no longer the resort of the ambitious youths of our country. So far as Philadelphia is concerned the bar still continues to receive our most talented young collegians, but the number who resort to this profession even here, is sensibly decreasing. As the Mirror says, the competition at the bar has driven many men of education to seek subsistence as mechanics, and the old prejudice which regarded carpenters bricklayers &c, as beneath lawyers, a remnant of the aristocratic institutions of England, is fast wearing away. In this country every honest avocation is honorable. For many years the mechanical pursuits have in the average, been the most lucrative. Generally, men of large fortune in this city are mechanics, and as mechanics have amassed their fortunes. It is a good sign to see young men of talent and education entering into mechanical professions.—[Phil Bulletin.

The Governor of New York and Mayor of Pittsburg are both rather *scaly* men.

Gov. Scott of Kentucky.

While he was Governor, some one sent him a challenge to fight a duel, to which he deigned no reply. The challenger, after waiting for a time, sought an interview, and desired to know if the General intended to accept.

"I do not," said he.

"Is it possible that Gen Scott, brought up in the army declines a combat!" said the gentleman.

"I do," said the old hero.

"Then the only means left me for satisfaction is to post you for a coward!"

"*Post me a coward!* In doing so you will post yourself a liar." And here the matter ended.

ARRIVAL OF THE STEAMER

CANADA

AT NEW YORK.

Business prospects quite cheering—Cotton Advanced—Corn Market Heavy.

NEW YORK, Tuesday Jan 30, 2 P M.

The Steamer Canada with dates from Liverpool to the 13 was telegraphed off the narrows about sun down last evening but owing to heavy fog was unable to reach the dock until about 11 o clock this forenoon.

A steamer was sent to bring her files which reached the city at two o clock this morning.

The aspect of commercial affairs during the last two weeks has been very encouraging, and from present appearances good trade during the course of the ensuing spring is anticipated.

Cotton Market.

The Cotton trade for the week subsequent to the 30th was rather active and speculative operations were to a considerable extent, resulting in an advance of fully ⅛d per pound, but although there is not any diminution of the healthy aspect of the trade, the market during the last week has been much less active and holders have supplied the market more freely. Alabama and Mobile 3⅞ to 4⅜d, Sea Island at 6½d a 15d per pound the official quotations are, fair Upland 4⅜d, fair middle 4¼ and fair New Orleans 4⅝. Middling Upland and Mobile are now quoted 4d and middling New Orleans 4¼ per pound. The imports since the 29th ult has been 72 000 Bales and the stock in the port now is 412,000 Bales, of which 25,809 are American.

Grain Market.

The supplies of grain and produce during the last fortnight have been on an extensive scale although the weather has been quite unfavorable for allowing a steady arrival of ships from abroad. Under these circumstances the amount of business done in our grain markets has been moderate and confined to the immediate wants of the trade, and entirely devoid of any spirit of speculation owing to the falling off of the demand from Ireland. The stock of Wheat Flour and Indian Corn has greatly increased, holders in general are very free sellers. Flour in bond sells slowly at 24s 6d to 25s 5d. And for duty paid the demand is chiefly for retail at 26s 6d to 27s 6d per barrel. The current value of Indian Corn is 23s 6d per quarter for white, and 29s to 30s per quarter for yellow Indian corn meal.—Corn meal selling for 14s to 14s 6d per barrel. Beef is not in active sale, owing to the want of supplies of good quality. Bacon is in fair request at 34s to 43s per hundred weight according to quality. There is little doing in Lard and as imports are heavy prices have receded from 1s to 2s per cwt. The sales of cheese are to a fair extent and prices are from 2s to 3s per cwt higher, the advance being most marked on low and middling sorts.

The Iron trade is improving. Spirits of Turpentine is in good demand, and is quoted at 32s. Wool is in brisk request and the sales of foreign have been large at an advance of from 5 to 20 per cent.

The Rice market continues steady.

The accounts from the manufacturing district are satisfactory.

Freights to Boston bar weight 15 to 17s—Fine goods and hardware 20s—Earthern ware 6s.

Liverpool Corn Market,

January 13.

No transactions are reported to day. The market is dull and heavy, and likely to remain so for at least the next fortnight. Yesterday's prices are maintained.

FRANCE.

An editorial from Wilmer & Smith's Times speaking of the late election in France, &c, says: "For a moment the overwhelming majority gained by Louis Napoleon, carried everything in the assembly, but in the briefest time, that body has discovered that it cannot co-exist with a popular president, and addresses were pouring in from all parts of the country, requiring the dissolution of the assembly.

An effort may be made by the chamber to continue embodied in order to pass such organic laws as they may deem necessary. But already the committee of legislation have presented a report containing a proposition to have an election on the 4th of March, and that the new assembly should meet on the 19th of March. A discussion of the report was fixed to take place yesterday. Let events turn which way they may, it seems unavoidable that the President must either have larger power conferred or assume by direct means, or some fresh struggle for power must ensue.

THE CHURCH.

BY O W WITHINGTON

I.

A simple Structure, beautiful and neat,
A hard—or, if you please, a cushioned seat,
Free as its pleasant Portal opening wide—
Or, if you will, its Area dry do,
For true convenience and the Church's weal—
Love keeps her still united by his seal,
A simple Cross—Faith's animate Reminder,
That where you seek, you will be sure to find her—
Ornate—not costly—drest, at Christmas time,
With wreaths that tremble at the Vesper chime,
Its Music—some sweet Chant or Hymn that seems
Bird-like, to flit among its cross-laid beams—
Such is the Temple! may it ever be
A living Spirit—Home for you and me.

II.

The Pastor! Such as we would ever choose,
Such as I think, no Christian would refuse,
The Pastor, with a stern sincerity,
More critical of self, than you or me,
With Soul illumined, feeling for Another,
As if to Man, Man were indeed a Brother!
Opposed to wrong, yet finding in the Heart
Sweet Impulses that triumph over Art;
Preaching Humility, and—better still—
Suiting the Action to the spoken Will;
Wedding each Thought of Wisdom to a Creed
So plain and clear, that he who runs may read,
By friends encircled, who, in earnest strive
To love, grow stronger, and and be advise
Of such sweet Union when the work is done,
The Church, [illegible]
[illegible]

The Church [illegible]
[illegible]
Like a bright [illegible]
That [illegible]

And, through the Summer Day and Night so long,
Sings on his ear its low and pleasant song,
So should the Church her living water pour
Upon the weary Soul forever more.
The Church should still, all heedless of display,
Not beckon only, but lead one the way—
By vain reproach unmoved, she should not be
Turned from the simple path by flattery
The Heart should beat invigorate and strong
To conquer Sin—Oppression—every wrong!
A tale of pity should her feeling warm
Her Watchword be—not Creed but Life's Reform.
The Slave ah! never may we cease to feel,
Nor deem too frequent many a strong appeal,
For him our Brother—who, beneath the Tree
Of Freedom vainly sighs for Liberty.
The Cause of Temperance—of the Prisoner too
Should teach the Church how much she hath to do,
While Love for all Humanity should stir
The Spirit dream of each true Worshipper.
Love hath full many a spell for lonely hours
'Tis to the Soul like dew on morning flowers,
To higher thought appealing it hath wings
For hidden nooks, nor shuns the meanest things.
To harmony resolves discordant tones
And finds a sermon in rejected stones—
Nay! from an old discourse gets something new
From common themes, the Beautiful and True.

IV

A Church like this in unison will raise
Its voice, to breath the melody of Praise,—
And when some Ancient Chant or goodly Song
Wakes the dim Vault or floats the Aisles along
Methinks in fancy, we can hear above,
An Angel Choir responding hymns of Love.
Nay! should some Pilgrim with more Soul than Voice,
Join in the strain and in the Chord rejoice
He sings for Heaven—his music may be rough,
But, in the distance it sounds well enough!

V

The Vestry where amusement is combined
With the Religious Sentiment of Mind
Where Innocence and true Refinement come,
With generous thought to but a larger Home,—
In vain shall Prejudice or narrow Heart
Strive to keep Worship and Man's Life apart.—
The tiny flower, the Tree of Ancient mould!
The Dew that glistens in the leaf's green fold
The Bird that heaven ward turns her sunny flight,
The humming Bee—the Morn—the glorious Night
All live a Life of Joy—no time have they!
Of formal Praise—their worship is their play!

VI

And here—in varied pleasures—we may find
The sweet enjoyment of a Christian mind,—
A word of Eloquence—a sunny look—
A Welcome unassured not by Fashion's book—
A careless Rhyme—a Soul inspiring Mass—
A Song that freshly greets us as we pass—
ADELAIDE, Hymn of Genius Love,
On Earth awakened!—perfected above—
Flowers that wave lightly o'er the vase beneath
The fair Japonica—the fragrant Heath—
Thus Nature blend in harmony with Art
Making sweet music for the listening Heart
Cochituate Water—Fruit and Cake perchance—
And let me whisper it almost a Dance!
Primeval Innocence! oh! let us still
Accept the Impulse of a holy Will
Blend Joy with Prayer—Improvement with delight,
True Love with Action—Faith with earth's sight
Then shall the Church, in comely beauty drest,
In every member find its Wholeness blest—
The Young sedate the Aged Christian gay
Bright as this Twelfth Night find each passing day.

To all who are afflicted with Asthma.

I have at different times been afflicted with severe colds, which produced in my case the Asthma. I have on these occasions used DR WISTAR'S BALSAM OF WILD CHERRY. Two years ago I was quite sick, so much so that I could not rest at night. I procured of the agent in this city a bottle of this Balsam of Wild Cherry. Before I had taken the whole of it I felt relieved.—I continued taking it, until I had used three or four bottles, which completely cured me. The present season I took another severe cold, and immediately resorted to this Balsam, and a part of one bottle had the desired effect. I therefore cheerfully recommend my friends and all others who need it, to try this medicine for their coughs and colds, and particularly the Asthma.

Ayer's Cherry Pectoral,

For Coughs, Colds, Croup, Asthma, Hoarseness, Hooping Cough, Bronchitis, and CONSUMPTION.

The Remedy that Never Fails!

TRULY Truth is stranger than Fiction! CONSUMPTIVES, READ THIS!!
NORWICH, Conn., April 26, 1848

Dr. J. C. Ayer—Dear Sir,—Agreeable to the request of your agent, we will cheerfully state what we have known of the effects of your CHERRY PECTORAL, and they have been astonishing indeed. Mrs. Betsey Wheeler had been afflicted with a severe and relentless cough, which reduced her very low; so low, that little hope could be entertained of her recovery. Numerous remedies had been tried without effect, before the Cherry Pectoral. That, and that alone, has cured her. George Wilkinson, Esq., had to our knowledge been afflicted with Asthma for *eleven years*, and grown yearly worse, until the Cherry Pectoral has now removed the disease, and he is now free from any of its symptoms as we are. The Rev. Mark Daniels had been so severely attacked with Bronchites as to disable him from his public duties, and nothing had afforded him relief until I (Mr. Corning) carried him a bottle of your Pectoral, which cured him at once, and he now officiates as usual in his place. These are three of the cases in which we have known it successful, but never to fail. We have great pleasure in certifying to these facts, and are, respected sir, your humble servants.
REV. DAVID CORNING,
Pastor of Preston Plains Church.
HON. JOSEPH CASTLES
Ex. Mem. Sen. Fr. Preston.

Nothing has been offered to the public on which they can so surely depend for relief and cure as this elegant and truly wonderful preparation. Indeed, there is every reason to hope an infallible Remedy has at length been found for the scourge and terror of our climate—Diseases of the Lungs.

A NATURAL
HAIR DYE!

BALLARD'S IMPROVED LIQUID HAIR DYE is the best preparation that we have ever seen for coloring the hair. It will positively restore grey Hair to its original color, whether auburn, brown or black, surpassing in beauty even the most natural locks, retaining the gloss and softness of the original. Sandy, light, or red hair can be matched with any darker shade.

From numerous laudatory testimonials, which may be seen at the manufacturer's wholesale depot, No 51 Cortlandt street, New York, the following, from the celebrated Cristadoro, of the Astor House, is presented:

No 6 Astor House, New York, Sept. 21, 1848.—Mr O. M. Ballard—Dear Sir—It is but justice to you to say, that of all the preparations for dying hair I have tried, none has answered so well the purpose, as your Improved Liquid Hair Dye, and with a great deal less trouble in using it than any other. I give you this testimony upon my solemn conviction that it is worthy the patronage of all who may wish to exchange gray, light, or red hair for a beautiful auburn, brown, or black, and from the peculiar softness and lustre which it imparts to the hair, the ladies cannot but give it a decided preference. Yours respectfully,
JOSEPH CRISTADORO

DR. CHRISTIE'S GALVANIC BELTS, BRACELETS, NECKLACES, AND MAGNETIC FLUID,

For the Removal and Permanent Cure of all NERVOUS DISEASES,

And of those Complaints which are caused by an impaired weakened or unhealthy condition of the

NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the *most valuable medicinal discovery of the Age.*

Dr. CHRISTIE'S GALVANIC BELT

and

MAGNETIC FLUID,

is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in

FITS, CRAMP, PARALYSIS AND PALSY,

Dyspepsia or Indigestion,

including all ages, classes and conditions, among which were a large number of cases of [illegible] subject to Nervous Complaints [illegible]

ENTIRELY AND PERMANENTLY CURED

when all hope of relief had been given up and every thing else been tried in vain!

To illustrate the use of the GALVANIC BELT suppose the case of a person afflicted with that bane of civilization DYSPEPSIA, or any other chronic or Nervous Disorder. In ordinary cases stimulants are taken, which by their action on the nerves and muscles of the stomach afford *temporary* relief, but which leave the patient in a lower state and with injured faculties, after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worst symptoms of an attack and simply tie the Belt around the body using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt thereby causing a Galvanic circulation which will pass on to the negative and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

Certificates and Testimonials

From the most Respectable Sources,

Could be given, sufficient to fill every column in this paper! We make a few selections. The first is an

EXTRAORDINARY CASE

and conclusively proves that

"Truth is stranger than Fiction."

The following letter narrating one of the most remarkable events in the annals of Medical Science, is from the

Rev. Dr. Landis, a Clergyman

of New Jersey of distinguished attainments and exalted reputation.—

SIDNEY, New Jersey, July 12 1848

DR A H CHRISTIE—Dear Sir: You wish to know of me what has been the result in my own case of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows.

For about *twenty years* I had been suffering from Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. My physicians were skilful and excellent men, but here their prescriptions failed. About *fourteen* years since, in consequence of frequent exposure to the weather in the discharge of my pastoral duties I became subject to a severe Chronic Rheumatism, which for year after year caused me indescribable anguish. In the severer paroxysms, the skill of my physicians sometimes afforded me great relief, but this relief was only temporary. Farther: in the winter of '45 and '46, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchitis which soon became so severe as to require an immediate suspension of my pastoral labors. *My nervous system was now thoroughly prostrated*, and as my Bronchitis became worse so also did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System. My sufferings were indeed severe and I had no prospect other than being entirely laid aside from the discharge of those duties and the performance of those labors, in which my soul has ever found the highest of her joys.

But reasoning from effect to cause I concluded that the *Nervous System* must be reached before any hope could be indulged of my obtaining relief from these most distressing maladies. In the whole pharmacopoeia there seemed to be no remedial agent which could reach and recuperate my Nervous System; every thing that I had tried for this purpose had completely failed. *At last I was led by my friends to examine your inventions* and (though with no very sanguine hopes of their efficiency,) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE with the MAGNETIC FLUID. This was in June 1848. TO MY GREAT ASTONISHMENT, IN TWO DAYS MY DYSPEPSIA HAD GONE, IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS, NOR HAVE I SINCE OMITTED A SINGLE SERVICE ON ACCOUNT OF THE BRONCHITIS, AND MY RHEUMATIC AFFECTION ALSO CEASED TO TROUBLE ME. If time permitted, I could fill a sheet of paper with the details of particulars, but I can now only furnish this brief abstract. My Dyspepsia has *never returned*, the Rheumatism once in a while visits me, but not severely and is easily arrested and is manifestly being driven from its hold upon my system, and my Bronchial affection *is entirely cured*. Such is the wonderful and happy results of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from neuralgic affections. They have tried them, WITH HAPPY RESULTS, I BELIEVE IN EVERY CASE.

I am, dear sir, very respectfully yours,
ROBERT W. LANDIS.

☞ Many hundred Certificates from all parts of the country of equally extraordinary character could be given.

☞ No trouble or inconvenience attends the use of *DR CHRISTIE'S GALVANIC ARTICLES*, and they may be worn by the most feeble and delicate with perfect ease and safety. In many cases the sensation attending their use is *highly pleasant and agreeable*. They can be sent to any part of the country.

Dr. Townsend's

COMPOUND EXTRACT OF

SARSAPARILLA,

Wonder and Blessing of the Age

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD

This Extract is put up in Quart Bottles—it is six times cheaper, pleasanter, and warranted superior to any sold. It cures without vomiting, purging, sickening, or debilitating the Patient.

The great beauty and superiority of this Sarsaparilla over all other medicine is, while it eradicates disease it invigorates the body. It is one of the very best

SPRING AND SUMMER MEDICINES

ever known. It not only purifies the whole system and strengthens the person, but it *creates new, pure and rich blood*, a power possessed by no other medicine. And in this lies the grand secret of its wonderful success.—It has performed within the last five years, more than 100,000 cures of severe cases of disease, at least 15,000 were considered incurable. It has saved the lives of more than 5,000 children during the two past seasons.

10,000 CASES OF GENERAL DEBILITY AND WANT OF NERVOUS ENERGY.

Dr Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular energy by the effects of medicine or indiscretion committed in youth, or the excessive indulgence of the passions and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, premature decay and decline, hastening toward that fatal disease, Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any

INVIGORATING CORDIAL.

As it renews and invigorates the system, gives activity to the limbs, and strength to the muscular system in a most extraordinary degree.

CONSUMPTION CURED.

Cleanse and Strengthen. Consumption can be cured. Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or profuse Expectoration, Pain in the Side, &c. have been and can be cured.

SPITTING BLOOD.

New York, April 28, 1847

DR TOWNSEND—I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad cough. It became worse and worse. At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live.—I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results.

Your obedient servant,
WM RUSSELL, 65 Catherine st

RHEUMATISM.

This is only one of more than four thousand cases of Rheumatism that Dr Townsend's Sarsaparilla has cured. The most severe and chronic cases are weekly eradicated by its extraordinary virtues.

James Cummings, Esq, one of the assistants in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter.

Blackwell's Island, Sept 14, 1847

Dr Townsend—Dear Sir: I have suffered terribly for nine years with the Rheumatism, considerable of the time I could not eat, sleep or walk. I had the most distressing pains, and my limbs were terribly swollen. I have used four bottles of your Sarsaparilla, and they have done me more than one thousand dollars worth of good. I am so much better—indeed, I am entirely relieved. You are at liberty to use this for the benefit of the afflicted. Yours respectfully,

JAMES CUMMINGS

FITS! FITS! FITS!

Dr. Townsend not having tested his Sarsaparilla in cases of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Westchester County.

Fordham, August 13, 1847

Dr. Townsend—Dear Sir: I have a little girl, seven years of age, who has been several years afflicted with Fits; we tried almost every thing for her, but without success; at last, although we could find no recommendation in your circulars for a case like hers, we thought, as she was in very delicate health, we would give her some of your Sarsaparilla, and are very glad we did, for it not only restored her strength, but she has had no return of the Fits, to our great pleasure and surprise. She is fast becoming rugged and hearty, for which we feel grateful. Yours respectfully,

JOHN BUTLER, Jr

FEMALE MEDICINE.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Prolapsus Uteri or Falling of the Womb, Costiveness, Piles, Leucorrhoea or Whites, obstructed or difficult Menstruation, Incontinence of Urine or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or causes, produced by irregularity, illness, or accident. Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and lassitude, from taking it at once become robust and full of energy under its influence. It immediately counteracts the nervelessness of the female frame, which is the great cause of Barrenness.—It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted, that hundreds of cases have been reported to us. Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine, healthy offspring.

TO MOTHERS AND MARRIED LADIES.

This extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "*The turn of life*," should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period *may be delayed for several years by using this medicine*. Nor is it less valuable for those who are approaching womanhood, as it is calculated to assist nature by quickening the blood and invigorating the system. Indeed this medicine is invaluable for all the delicate diseases to which women are subject.

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, not so far stimulating as to produce subsequent relaxation—which is the case of most medicines taken for female weakness and disease. By using a few bottles of this medicine, many severe and painful surgical operations may be prevented.

GREAT BLESSING TO MOTHERS AND CHILDREN.

It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon child birth ever discovered. It strengthens both the mother and child, prevents pain and disease, increases and enriches the food—those who have used it think it is indispensable. It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth—in Costiveness, Cramps, Swelling of the Feet, Despondency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal. The great beauty of this medicine is, it is always safe, and the most delicate use it most successfully, very few cases require any other medicine—in some a little Castor Oil or Magnesia is useful. Exercise in the open air, and light food with this medicine, will always ensure a safe and easy confinement.

BEAUTY AND HEALTH.

Cosmetics, Chalk, and a variety of preparations generally in use when applied to the face, very soon spoil it of its beauty. They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in soaps, beautifies its own production in the "human face divine," as well as in the garden of rich and delicately tinted and variegated flowers. A free, active and healthy circulation of the fluids or the coursing of the pure, rich blood to the extremities is that which paints the countenance in the most exquisite beauty. It is that which imparts the indescribable shades and flashes of loveliness that all admire, but none can describe. This beauty is the offspring of nature—not of powder or soap. If there is not a free and healthy circulation, there is no beauty. If the lady is fair as driven snow, if she paint and use cosmetics, and the blood is thick, cold, and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes, that is fascinating.

This is the reason why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes, and beautiful complexions, they should use Dr Townsend's Sarsaparilla. Thousands who have tried it are more than satisfied, are delighted. Ladies of every station crowd our office daily.

NOTICE TO THE LADIES.

Those that imitate Dr Townsend's Sarsaparilla have invariably called their stuff *a great remedy for females*, &c., and have copied our bills and circulars which relate to the complaints of women, word for word—men who put up medicine have, since the great success of Dr. Townsend's Sarsaparilla in complaints incident to females, recommended theirs, although previously they did not. A number of these Mixtures, Pills, &c., are injurious to females, as they aggravate disease and undermine the constitution. [illegible]

THREE CHILDREN.

Dr Townsend—Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine.—They were afflicted very severely with bad sores; have taken only four bottles, it took them away, for which I feel myself under great obligation. Yours respectfully,

OPINIONS OF PHYSICIANS.

Dr Townsend is almost daily receiving orders from physicians in different parts of the Union.

This is to certify that we, the undersigned, Physicians of the City of Albany, have in numerous cases prescribed Dr Townsend's Sarsaparilla and believe it to be one of the most valuable preparations of the Sarsaparilla in the market.

CAUTION.

Owing to the great success and immense sale of Dr Townsend's Sarsaparilla, a number of men who were formerly our Agents, have commenced making Sarsaparilla Extracts, Elixirs, Bitters, Extracts of Yellow Dock, &c. They generally put it up in the same shaped bottles, and some of them have stole and copied our advertisements—they are worthless mixtures, and should be avoided.

TESTIMONY OF ANOTHER PHYSICIAN.

The following is an answer in reply to a note from our agent asking Dr Bouton's opinion of this medicine.

TUNKHANNOCK, Aug 29, 1848

Mr A Durham—Dear Sir—In reply to your note of yesterday, I would state that I have occasionally found it convenient to use the various "Patent Pills" vended in the shops, and while I am unwilling to say any thing to depreciate the value of others, I am free to confess that I could for Dr Wright's Indian Vegetable Pills superior to all others with which I am acquainted. I have used them for many years, both in my own family and in my practice generally, and they have uniformly proved mild, certain and safe in their operations. The care and skill with which these Pills have been hitherto manufactured are, in my opinion, a sufficient guarantee for like good results in future.

Very respectfully, B. A. BOUTON, M. D.

The Great Remedy for Gonorrhoea

GLEET, Stricture, and all analogous complaints, is **Dr. DOUGLASS'S ARABIAN PASTE.** Dr Douglass is well known, having practiced in the principal cities in the Union during the last 40 years. His only reason for introducing the Paste in this public manner, is the consciousness that there are thousands of ill treated complaints in this city—thousands of individuals who are going down to premature graves by taking the miserable drugs of quacks.

Dr D most solemnly affirms that during his practice of forty years, this Paste has never, in one single instance, failed of effecting a cure in a few days without any change of diet or hindrance from business. He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians, for months and even years but after taking the Paste for a few days the angry symptoms disappeared, and the patients were discharged, entirely cured.

If the unfortunate, instead of drugging themselves with quack nostrums, would purchase only one box of the Arabian Paste, we should not see so many emancipated bodies and sallow countenances as we do at the present time.

☞ In case this Paste should fail to effect a cure in the shortest possible time, ten times the price paid for it will be given the purchasers on returning the empty boxes.

For sale only by the original inventor and sole proprietor, Dr PETER G DOUGLASS, at his Office, No 55 Union street, Boston, at $5 per box where he can be confidently consulted on every disease incident to the human frame, and the patient rely upon the most beneficial course of treatment that can possibly be adopted.

CONSUMPTION CURED!

Buchan's Hungarian Balsam of Life.

THE GREAT ENGLISH REMEDY FOR *COLDS, COUGHS, ASTHMA and CONSUMPTION.*

BUCHAN'S HUNGARIAN BALSAM, the Great English Remedy for Pectoral and Pulmonary diseases, still stands unrivalled and unsurpassed as the most elegant, agreeable, and effectual curative of these formidable complaints, now known to the civilized world.

Three years trial of it in the United States, during which time it has been distributed from Maine to Florida, has only served to establish its pre-eminent merit in all parts of the country, as the great and only INFALLIBLE REMEDY in the worst cases of Pulmonary disease, and the best and most agreeable curative of all the slight forms of colds, cough and inflammations that can possibly be used.

INCONTESTIBLE PROOFS

Of the efficacy of this Balsam in the worst forms of Consumption.

Reliable Evidence of the Efficacy of BUCHAN'S HUNGARIAN BALSAM

[From the Christian Freeman.]

While we regard our paper we are always pleased to give account of that which is truly useful, and to give information which may benefit others. A few days ago a brother of ours, from Norway, Me., came into our office in a comfortable health, whom we did not expect to see again on earth. McKENNEY'S COSSACK SALVE!!

An Invaluable Remedy

FOR Fever Sores, Rheumatism, Swelling of the Feet and Limbs, Swelling of the Tonsils or Sore Throat, Chronic Eruptions of the Skin, and all Scrofulous Diseases, Rigid Cords occasioned by Colds or Strains, Stiff Neck, Chilblains or Chapped hands, Sore or Inflamed Breasts, Weakness or Pains in the Stomach, Piles, Corns, Warts, and Common Sores, and Cuts and Bruises of all kinds.

In bringing this article before the Public we are aware that we labor under no small disadvantage in that the multitude of "All Healing Ointments and Panaceas," that are now advertised as the "most effectual" and "certain cures" for all diseases indiscriminately to which man or animals are subject.

A history of this Salve and the wonderful cures it has effected in the above complaints, will be found in a pamphlet accompanying each Box—a reference to which is invited before purchasing.

We would only add that we have undertaken the task of manufacturing the above named Salve at no inconsiderable trouble and expense, not so much as a matter of speculation and pecuniary benefit as in compliance with the earnest and repeated solicitations of personal friends, and those who have experienced its wonderful medicinal and all healing properties.

To say, indeed that we do not expect to realize a handsome remuneration for our services would be alike useless and untrue. But we flatter ourselves that if, forsooth, we are richly paid, and the article soon, very soon, has an extensive sale—the Public are receiving a full and ample equivalent.

As we have already intimated we do not and shall not call to our aid the empty *puffing of the Press*, or the "bought certificates" of individuals, and shall make use of them only so far as they have been or hereafter may be entirely *voluntary* and *unsolicited*.

The Salve is now before the Public!

They and they, alone, will decide upon its real virtues and medicinal properties. To say less were injustice to ourselves—to say more would be superfluous.

Here are some of the many Certificates.—

The subscriber was afflicted with a Fever Sore upon his leg for about six years, and in the winter of 1845 it commenced swelling from the ankle to the knee. After using many remedies without success I applied some Salve obtained of Mr. A. M. McKenney, and continued its application until I had used six bottles, which entirely cured me, and I have had no return of the disease since. I would also say that I know the above Salve to be a cure for CORNS, one of my family having used it for this purpose with complete success.

DANIEL SEAVEY

Dexter (Maine) May, 1846

This certifies that one of my sons having been afflicted with a Fever Sore for more than a year and having tried various means to effect a cure, without success which cost me about forty dollars, I bought 14 oz of JONATHAN McKENNEY'S SALVE, which effected an entire cure in less than two months.

SIMEON MARSTON

BANGOR, June 5, 1846

Mr. McKenney—In going into the woods in the autumn of 1845 with the charge of quite a number of men, for the winter lumbering operation, I was induced to take a few bottles of your Salve, it having been recommended to me as one of the best remedies for accidental Cuts and bruises, and I found indeed, to my great satisfaction, that it was an invaluable article. I also made application of it in cases of Cuts, Sprains and Bruises upon my cattle, and found it equally beneficial. It can truly be called the All-Healing Salve.

HARTS' VEGETABLE EXTRACT

Is the only remedy that can be relied on for the permanent cure of Spinal Complaints, Spasmodic Contractions, Irritation of the Nerves, Nervous or Sick Headache, Nervous Tremors, Neuralgic Affections, Apoplexy, Paralysis, General debility, Deficiency of Nervous and Physical Energy, and all Nervous Disorders, including the most dreadful of all diseases that ever affect the human race

EPILEPTIC FITS,

or Falling Sickness, Hysterical Fits, Convulsions, Spasms, &c. Dr. Hart would impress it upon the minds of the afflicted, that the Vegetable Extract is the only remedy ever discovered that can be relied on for the permanent cure of this most dreadful of all diseases. As its tendency is to insanity, idiocy, or death, the most

SKILLFUL PHYSICIANS

of Europe as well as those of our own country have pronounced Epilepsy incurable. And it has been so considered by many until this most important discovery was made by Doctor S. Hart, nearly fifteen years since, during which time it has been performing some of the most

REMARKABLE CURES

upon record and has acquired a reputation which time alone can efface. Physicians of undoubted skill and experience, ministers of various denominations, as well as hundreds of our eminent citizens, are all united in recommending the use of this truly valuable medicine to their patients, charge, and friends, who are afflicted, as the only remedy.

WE QUOTE THE LANGUAGE

Another says: "I thank God I feel that I am a well man." [illegible] my duty to proclaim it to the ends of the earth, that those similarly afflicted may find relief. Also the [illegible] an

Another says "Language is [illegible] inadequate to express my gratitude to Dr. [illegible] having been the means, under the blessing of God, of restoring me to good health after having been afflicted with Epilepsy in its worst forms for more than twenty three years, and my morning and evening [illegible] of praise and thanksgiving shall continue to be sent to that God who has afflicted but to [illegible] whole."

[illegible]

Rev Mr. Smith, Rector of St Peter's Church, [illegible] New Jersey, who has been afflicted with Epileptic Fits for more than forty years, states that he has used Dr Hart's Vegetable Extract, and that he has been so much improved that he hopes by its blessing to have no more Fits.

EPILEPTIC FITS,

For twenty seven years and six months cured by the use of this truly wonderful medicine.

Read the following remarkable case of the son of Wm Secore, Esq, of Philadelphia, afflicted with Epileptic Fits for twenty seven years and six months. After travelling through England, Scotland, Germany and France, consulting the most eminent physicians, and expending for medicine, medical treatment and advice three thousand dollars, returned with his son to this country in November last, without receiving any benefit whatever, and was cured by using

HART'S VEGETABLE EXTRACT

I have spent over three thousand dollars for medicine and medical attendance. I was advised to take a tour to Europe with him, which I did. I first visited England. I consulted the most eminent physicians there in respect to his case, they examined him and prescribed accordingly. I remained there three months without perceiving any change for the better, which cost me about two hundred and fifty dollars, pocketed by the physicians and the most that I received was their opinion that my son's case was hopeless and

POSITIVELY INCURABLE.

I accordingly left England, travelled through Scotland, Germany and France, and returned home in the month of November with my son as far from being cured as when I left. I saw your advertisement in one of the New York papers, and concluded to try Hart's Vegetable Extract, seeing your statements and testimonials of so many cures, some of twenty and thirty years standing, and I can assure you I am not sorry I did so, as by the use of Hart's Vegetable Extract alone he was restored to

PERFECT HEALTH.

His reason, which was so far gone as to unfit him for business, is entirely restored, with the prospect now before him of life, health and usefulness. He is now 28 years of age, and 27 years 6 months of this time has been afflicted with this most dreadful of diseases, but thank God is now enjoying good health.

Now sir, faith without works I don't believe in. To say that I shall be ever grateful to you is one thing, and I herewith enclose you one hundred dollars. I have no doubt you will think this another and quite a different thing. The debt of gratitude I still owe you, but please accept this amount as interest on the account in advance. Yours very respectfully

(Signed) WILLIAM SECORE.
